## BIOGRAPHY

I am a nine-time BAFTA-nominated and five-time RTS-winning live multi-camera television director with over twenty years' experience. I work across the full spectrum of television, specialising in live entertainment, music, and the global broadcast of world-class theatre. I thrive on joining projects at their earliest stages, where collaboration, experimentation, and storytelling shape the final product. Alongside broadcast work, I direct large-scale global events and product launches in the corporate space, combining creative vision with the precision required for live, high-stakes moments.
